Expected Rise in Wheat Price

Grain men in Winnipeg are expecting that the price will rise to 21 1/2c per bushel by spring. It is said now that there is a wheat shortage. This being the case, and the fact that the crop in the west is expected to be 172,000,000 bushels. The outlook for grain is likely to be much improved in the future, by the increasing use being made of Pacific Coast ports, especially Vancouver, as an outlet for grain. It is estimated that the cost of transportation in Liverpool is even now the heaviest loss by the Pacific route than by the Atlantic. Vancouver is gaining the new for increased terminal facilities and the equalization of freight rates, and they have a very strong case. Water transportation is much cheaper than land transport, and Vancouver has the added advantage that it is ice-free the year round, while Port William, Quebec, and Montreal are closed for four or five months each year.

Three cars, colonist, first-class and tourist, loaded into the dock. The tourist cars were in three days. First reports are that some of the 21 was seriously injured. The majority of them are suffering from cuts and minor bruises. One man is suffering from fractured ribs. An investigation is being made by C.P.R. officials, but it was stated at 3:30 that the cause of the wreck was not definitely known yet.

Dealing with the transport of this year's grain, 21 1/2 c. is being quoted by the Winnipeg trade association, estimating the marketing of the crop up to the close of September, says. From harvest to the close of navigation there was delivered to country elevators 250,000,000 bushels of wheat; there was shipped 20,000,000 bushels and they were shipped 172,000,000 bushels.

Absence of Trouble. "As the crop was a record, so the movement was a record. The favorable nature of this record movement was the absence of trouble on the part of the west is concerned. I have not heard of any wheat being held up in heaps in the open, or any emergency sheds being erected at shipping stations, or any serious delay in any or any blockade at the lake terminal elevators."

Between the Great Lakes and the Rockies, there is a railway made up of about 175,000,000 capacity created and created by private enterprise. This machinery has been fully adequate to the call made upon it. The two great railway systems earned their need of praise for the transportation of this summer's grain, but without an adequate expense machinery and efficient system of marketing the railways could not have been successful."

THINK Accident. Two persons, passengers and train were injured when C.P.R. train No. 2, Vancouver-Montreal express, left the rails one mile west of Pasco, Alberta, at 4:20 o'clock Tuesday morning. Seven cars were derailed, including three colonists.

The new pier work will proceed as soon as possible.  
As far as he could judge from his trip through the prairie and forest reports received, there would be a big crop this year, and the company was making its usual preparations to handle its share of the business expeditiously.

Brooks, Alta.—More than 100,000 pounds of alfalfa seed, the Grimsby variety will be available from the Brooks District for seed purposes this year, according to C. St. Stewart, of the Dominion Seed Branch. This is twice as much as was ever produced in that district before, and on account

of the exceedingly good weather conditions last fall, it is of unusually good quality, as evidenced by the fact that the product has just taken second place in the alfalfa exhibit at the International Live Stock and Grain Show, Chicago. Fifty per cent of this amount is eligible for registration.

## CHEADLE NOTES

The Chedale and Fairplay schools held their Xmas concert Thursday evening in the hall and provided a success from start to finish. The little girls surprised the crowd by their dancing and the boys made very fine dancing. Peggy dancing was performed by Miss Frica Knudsen. The sweet solo by the "Misses Laura St. John and Edna Weibullman. Later in the evening Renta Chute made his appearance and distributed the presents. The evening was spent in dancing and the following performers furnished the music: Miss Emma Weibullman, their violin and piano Mrs. Wilber Smith, Mr. Walter Lyons and Mr. T. Bickell. We extend our appreciation towards the Ladies' Club for their presents for the little children, also to the teachers. The good time broke up with three cheers for the teachers and for the chairman followed by the singing of God Save the King.

Miss Mary Craig is spending the Xmas holidays with her parents Mr. and Mrs. O. G. Craig.

Our teacher, Mr. Bickell, is spending Xmas with his parents in Calgary.

Miss Myrtle Edwards is progressing nicely after her recent operation.

Mrs. Grace Lyons and daughter spent the Xmas holidays with Mr. and Mrs. Barber and friends.

Miss Helen Miller returned home after a year's absence.

Mr. Jim Holiday is the proud owner of a new bull pup. Quite a number of Landon young people attended the concert and dance Thursday evening.

## BANFF IN WINTER

Taking a Ski Jump at Banff

NATURE has made Banff, Alberta, one of the finest summer and winter resorts in the world. Therefore most of the visitors come in the summer. Within the last few years large numbers have been attracted to winter when sports carnivals have been held with great success. The season 1922-1923 is likely to make a new record in the popularity of Banff as a winter sports centre. Did you ever ski down a toboggan slide in a pass in the Rocky Mountains? Did you ever wear a hot sulphur swimming pool and gather snow from the sides to snowball your companions? Did you ever meet a deer suddenly on a mountain road and find it unafraid? Did you ever wait on skates? Did you ever climb a mountain and slide all the way down its side on your snowshoes?

All these things you can do in winter at Banff—famous Canadian mountain resort, 4244 feet above sea level in the clear breathing air of the Rocky Mountains.

One of the most unique attractions of Banff is the swimming in the hot pools. Sulphur Mountain is famed for its remarkable health-giving springs of sulphur water. These gush out of the side of the mountain, and even in the winter are so warm that they are delightful for swimming. Ample opportunity is afforded for every variety of winter sport. Down on the river in a rink where one may practise figure-skating, or water-ski, come accomplished skaters waiting to teach. One of the best toboggan runs comes down the side of Tunnel Mountain. Skiing is also a popular sport here and splendid opportunities are offered for buying the popular mountain goggles. The little mountain

Girl Hockey Teams of Banff Carnival

down is also famous for hockey and a number of fast teams have their home here among which those of the ladies are far from the least important.

There are walks with unique attractions around Banff. You may be coming down one of the beautifully graded roads, flanked by the slender ranks of the mountain pines, and a deer will walk out of the woods just ahead of you and stand and gaze at you. This is because Banff is in a government park where it is against the law to shoot wild animals. Any day walking down the main street, you may meet a large mountain sheep. But he is no longer a wild one—he is the mascot of the mounted police stationed here. There is also the b.

falo park to visit and a glimpse of some of these magnificent animals is largely sought.

But the outstanding wonder of Banff is its mountains. Whatever winter sports you may desire in you are always rioped by an amphitheatre of mountains. Range upon range, and snow-covered peaks beyond peak, they tower above you and stretch away into the distance. Against the snow on their sides the dark mountain pine stands in sharp relief. In climbing one is tempted to stop often, for every new level brings into view fresh peaks, and hitherto unimagined valleys. Banff is easy of access, being on the main line of the Canadian Pacific Railway; three and a half hours' journey from Calgary.

## Slats' Diary

By Ross Farquhar

Friday—Are home very much  
able today as far as the 2c. member  
of the family was concerned on  
week. I have a few grades  
which no student think  
the 2c. was blind enough  
to content her. I have  
and suddenly I had seen 1c.  
grapes all so. But she  
is funny (daisy). I  
don't see why she should  
ought to worry. If I  
don't.

Saturday—Mrs. Gil-  
son was the down sick  
and the dr. said Mr. Gil-  
son had better go with  
a nurse for her. He  
left the 2c. to go ahead and live 1c.  
and 2c. and the 2c. is a good home  
ing 1c. and I bet you the 2c. lady is  
her 1c. in the 2c. Mrs. Gilson  
over and told him if he got that kind  
of a nurse. Now he is on her 1c. and  
her 1c. would be on his neck. He  
went ahead and got well in spite of him.  
And the dr.

Sunday—Are close had a new boy  
in it at Sunday school today & teacher  
told him we was glad to have him &  
the word like to meet him in heaven.  
He replied and said Well I don't see  
nothing to keep you from it if you are  
a real good girl and don't swear or  
smoke cigarettes and etc. Xmas Day  
I don't feel to be so good from now  
on.

Xmas—I seen the lovely Christmas  
dawn.  
I seen the trash out on the lawn.  
I seen the piles of lovely presents.  
And so went out a hunting for Santa.  
Party & Christmas always were together.  
I met my steam engine and the pilot  
book & when he come home he re-  
bored my engine and now he is buried  
in my book. But me says I can have  
it in a few days after the Xmas  
has wore off.

Tuesday—Wood of went to the  
rhector show only it was the 4th  
week of display and I had saw it.

## Berta Vale News

By management of the Board of  
Trustees and the teacher, Mr. P. W.  
Duckery, of the Berta Vale School  
community enjoyed the third an-  
nual Xmas observance at the above  
mentioned school on December 22nd  
at eight p.m.

Mr. J. Galpin proved to be an effi-  
cient chairman and in a few choice  
words opened the programme, extend-  
ing greetings from Mr. W. C. Mercer  
who was unable to be present. Every  
child had a part to play and was well  
worth hearing. The entertainment, as  
a whole, proved a clear demonstration  
that Mr. Duckery has been a busy man  
resulting the good object of his efforts  
in closing. Mr. Galpin, on behalf of  
the audience, congratulated the school  
and proposed a hearty vote of thanks  
to Mr. Duckery. After a hearty  
applause Mr. Duckery concluded with  
thanks and said that his effort this  
work was in the last interest of the  
children. The children danced with  
joy when Santa Claus appeared and  
handed out to them some candy ap-  
ples and other goodies. A supper  
lunch was served by the ladies thanks  
to the donors, especially to Mrs.  
Duckery, who so freely opened her  
home and held the responsibility of  
the refreshment committee.

Winnipeg, Man.—Since the com-  
mencement of the crop year, Sepem-  
ber 1, the Canadian Pacific Railway  
reports the marketing of 154,377,667  
bushels of grain, which exceeds the  
total for the same period of 1915, the  
last bumper crop year. This year's  
total is composed of 125,725,257 bush-  
els of wheat and 28,652,409 bushels of  
oatmeal grain.

Wednesday—It is says when I was  
he should ought to try not to say  
mean things & if you succeed it pro-  
ves I is not mad.

Thursday—Went to a young ladies  
dance but didn't enjoy it much as  
most of the girls is poor dancers.  
There it is always getting under north  
side.

# CARSELAND NEWS IN BRIEF

Two informal dances took place in the Shamrock Restaurant; one on Wednesday and the other on Saturday. Mr. and Mrs. Mike Brown did the honors, and many enjoyed the evening in this way, which otherwise would have been extremely dull. The dance included supper, was given at the entire expense of the host.

It is understood we are to have a new business venture in town. Mr. Charles E. Cole, of Valparaiso, Sask., proposes to open a new provision store and meat-market for the purchase of one of the vacant lots south of the Drug Store, are practically completed. Mr. Cole intends to move a building from Landon, and commence business at an early date.

Another turkey shoot was held across the river. This time at Jimmie Rogers on Saturday last.

Mr. Irvine, M.P., addressed an interested and large audience at the school on Saturday last.

Rev. Mr. Lonsdale, pastor of the Methodist Church at Carseland, was married quietly last week to Miss Florence Bennett at Calgary. The happy couple have now taken up their residence at Carseland, and are receiving the congratulations of their many friends.

## Ardenode Notes

The annual meeting of the Ardenode U.F.A. was held in the school house, but owing to the cold, only a very few members were present. The following officers were elected for the coming year: President, Mr. H. W. Goddard, Vice-President, August Jensen, Sec. H. Donkin, Auditor, H. Booth. The membership of the local has declined somewhat during the past year for several reasons, one of which seemed to be indifference or lack of understanding of the advantages of cooperation and the benefits it only the farmers would take an active part in their local. Among the immediate benefits derived from the organization here was that of cooperative trading, whereby those members who participated therein saved the amount of their subscription several times over. Beyond were local interests for more importance and lasting benefit to the results of the work at our federal members at Ottawa, and our provincial members at Edmonton, nominated, financed and elected by the members themselves at a meeting which has returned already dividends almost unheard of, even in the history of high finance. The saving of the freight alone on a small order of what will save a farmer's U.F.A. dues for the next twenty-five years, and the rest of the benefit is credited to the fact that the farmers were wide enough awake to know that it was only by cooperating that they could hope for real success. Apparently satisfied that they have done all they can, the farmers are sinking into the slough of indifference, but there is much yet to be accomplished. The banking and the credit system alone is worthy of the attention of every farmer, the more so as this subject not generally fully understood. Let every farmer make a resolution for the New Year, "I am a cooperator and I will do my best to cooperate for the benefit of the whole community."

The annual Xmas tree at the elementary school was held on Friday, December 22nd. On this occasion the tree and the presents were donated by the U.F.A. and certainly left no stone unturned in their efforts to delight the recipients of the many gifts that adorned the beautifully decorated tree. The first event of the evening was the rendering of the programme by the children and this was by far the best entertainment given at the school since in quantity and quality, and spoke eloquently of the efforts made by Mr. Murphy, the popular teacher. All the items on the programme were most ably rendered and all the participants were so good it would be tedious to make comparisons, and at the conclusion the applause was loud and long and the audience rendered much honour to Mr. Murphy in ardent admiration of his class. The distribution of presents from the tree followed. Father Xmas being under the influence of the U.F.A. spirit, Mr. P. Donkin. Every child received a present together with a bag of candy. Particular mention may be made of a present from the U.F.A. to Mr. Murphy, as a slight token of the appreciation of his kindness and the assistance he had given them. Afterwards the ladies provided supper in their usual bountiful manner, and the rest of the evening was devoted to games which were thoroughly enjoyed by the children, old and young, and the company dispersed in the small hours of the morning, tired but happy.

Calgary, Alta.—At a meeting of the United Grain Growers' delegates, representing Western Canadian farmers, it was unanimously decided to go ahead with a cooperative cattle marketing scheme which embraces the valuing of cattle offered for sale, payment in advance on a basis of 70 per cent. of the current value, sorting of cattle to make up uniform loads, pooling receipts of cattle at the end of one week, distribution of proceeds and distribution of expenses.
